

# What is UniStem Day?

**UniStem Day** is a one-day meeting organized for high school students since 2009. This event solely dedicated to the dissemination and outreach of stem cell science and research provides an opportunity to foster learning, discovery and debate by involving students and teachers in a variety of activities. The event showcases cutting edge research, paints a picture of the daily work of a scientist, and explores the mechanisms behind scientific breakthroughs, including the cultural expectations. By offering lessons, debates, visits at the laboratories and recreational moments, the students engage with the concepts and methodologies involved in stem cell research. They will gain an appreciation for science and that it can be fun and it builds personal character based on evidence, perseverance and integrity. As in the previous years, UNISTEM DAY 2018 will bring together Universities and High Schools from all over Europe by involving 74 European Universities in Austria, France, Germany, Italy, Poland, Serbia, Spain, Sweden, UK, Hungary.

**UniStem** is the Centre for Stem Cell Research of the University of Milan founded in 2006 by E. Cattaneo, G. Cossu, F. Gandolfi, Y. Torrente and joined by G. Testa in 2015. The 2018 UNISTEM DAY event is part of the activities of scientific dissemination on stem cells promoted by the Centre. UNISTEM DAY is the largest public event on stem cell research in Europe and it celebrates its 10th annual edition this year.

THE EVENT WILL HAPPEN SIMULTANEOUSLY IN 10 COUNTRIES

# 10<sup>th</sup> UniStem Day

Europe  
United  
by Science

The long  
and fascinating  
trip of stem cell  
research

16<sup>th</sup> March  
2018  
9.00<sup>am</sup>

LUND  
UNIVERSITY

Coordinator:  
**Sofie Singbrant Söderberg**

Coordinator:  
**Sofie Singbrant Söderberg**

**Morning:**  
LUX Aulan,  
Helgonavägen 3,  
Lund

**Afternoon:**  
BMC A10,  
Sölvegatan 17,  
Lund

**16th March 2018**  
**8.30**

---

**8:30 → 9:15**

Registration

---

**9:15 → 9:30**

Opening by the Coordinator and  
welcome video.

Greetings

**Zaal Kokaia**

Director of the Lund Stem Cell  
Center

---

**9:30 → 9:45**

Call conference between  
Universities

---

**9:45 → 10:30**

**Mattias Magnusson**

**Sofie Singbrant Söderberg**

**Malin Parmar**

Lund Stem Cell Center

*Föreläsning: Stamceller idag och i  
framtiden*

Practical information by Rebecca  
Warfvinge

---

**10:30 → 11:00**

Coffee Break  
with cinnamon buns

---

**11:00**

Praktiska workshops på BMC  
Interaktiv föreläsning på LUX:  
*Vad är en doktorand? Hur blir man  
forskare?*

**Göran Karlsson**

Lund Stem Cell Center

---

**11:00 → 12:00**

Praktiska workshops\_Session 1

---

**12:00 → 13:00**

Lunch på LUX: Vi bjuder på  
lunchbaguetter

---

**13:00 → 14:00**

Praktiska workshops\_Session 2

---

**14:00 → 15:00**

Praktiska workshops\_Session 3

---

**15:00 → 15:30**

Avslutning med frågestund på LUX

## Description of workshops:

Can you cut into DNA? How  
do blood stem cells look in the  
microscope?

These and many more questions  
will be answered by motivated  
PhD students, postdoctoral  
fellows and senior researchers,  
and science communicators  
during the UniStem Day's  
afternoon. These workshops  
will be held in Swedish and/or  
English. For a detailed description  
of the workshops, please visit our  
website: [http://www.med.lu.se/
