What is UniStem Day?

UniStem Day is a one-day meeting organized for high school students since 2009. This event, solely dedicated to the dissemination and outreach of stem cell science and research, provides an opportunity to foster learning, discovery and debate on the themes of knowledge and innovation starting from stem cell research. The event showcases cutting edge research, paints a picture of the daily work of a scientist, and explores the mechanisms behind scientific breakthroughs, including the cultural expectations. By offering lessons, debates, visits at the laboratories and recreational moments, the students engage with the concepts and methodologies involved in stem cell research. Furthermore, they will gain an appreciation for science and how it can be fun and build personal character and relationships based on evidence, perseverance and integrity. As with previous years, UNISTEM DAY 2020 will bring together Universities and High Schools from all over the world by involving 101 Universities in Australia, Austria, Colombia, France, Germany, Greece, Holland, Hungary, Italy, Spain, Poland, Portugal and Sweden.

UniStem is the Centre for Stem Cell Research of the University of Milan founded in 2006 by Profs. E. Cattaneo, G. Cossu, F. Gandolfi and Y. Torrente (unistem.it). The UNISTEM DAY 2020 event is one of many UniStem activities on stem cell research divulgation and this year it celebrates the 12th annual day dedicated to secondary school students and can boast being the largest public event on stem cell research in Europe.

Fondazione TIM born in 2008 as an expression of ethical principles, of the strong commitment of responsibility towards the community and the spirit of innovation of Tim. The commitment is to work for an ever-increasing digital, innovative and competitive Italy, collaborating with the institutions to carry out the projects and making available the economic resources and skills of the Group.

The event will happen in 13 countries

UNI STEM DAY 2020

Morning program

9:15 AM → 9:30 AM
Opening by the Coordinator
and welcome video

Prof. Zaal Kokaia
Greetings from the Head of Lund
Stem Cell Center

9:30 AM → 10:20 AM
Dr. Mattias Magnusson and
Dr. Sara Nolbrant
Lund Stem Cell Center
Lecture: *Stem Cells today and tomorrow*

10:20 AM → 10:30 AM
Practical information and
presentation of workshops
Rebecca Warfvinge
PhD student
Lund Stem Cell Center

Coordinator: **Göran Karlsson**
Associate Professor
Molecular Hematology and Lund
Stem Cell Center, Lund University

10:30 AM → 11:00 AM
Coffe-Break provided by the organizers

11:00 AM → 12:00 AM
Parallel sessions

Dr. Daniella Ottosson
Lund Stem Cell Center
Lecture: *What does it mean to be a PhD student? How do you become a scientist?*

or

practical workshops

12:00 AM → 1:00 PM
Lunch

Afternoon program

Afternoon session:
2:30 PM - 5:00 PM if scheduled

1:00 PM → 2:00 PM
Parallel sessions

Dr. Daniella Ottosson
Lund Stem Cell Center
Lecture: *What does it mean to be a PhD student? How do you become a scientist?*

or

Practical workshops

2:00 PM → 3:00 PM
Parallel sessions

Dr. Daniella Ottosson
Lund Stem Cell Center
Lecture: *What does it mean to be a PhD student? How do you become a scientist?*

or

Practical workshops

3:00 PM → 3:30 PM
Conclusion session with Q&A
