

MARCH 14, 2025

What is UniStem Day?

UniStem Day is a one-day meeting organized for high school students since 2009. This event, solely dedicated to the dissemination and outreach of stem cell science and research, provides an opportunity to foster learning, discovery and debate on the themes of knowledge and innovation starting from stem cell research. The event showcases cutting edge research, paints a picture of the daily work of a scientist, and explores the mechanisms behind scientific breakthroughs, including the cultural expectations. By offering lessons, debates, visits at the laboratories and recreational moments, the students engage with the concepts and methodologies involved in stem cell research. Furthermore, they will gain an appreciation for science and how it can be fun and build personal character and relationships based on evidence, perseverance and integrity. As with previous years, UNISTEM DAY 2025 will bring together universities and high schools from all over the world by involving 97 universities and research centres in Australia, Denmark, France, Germany, Hungary, Italy, Netherlands, Norway, Poland, Spain, Sweden and the United Kingdom.

UniStem Day

The neverending journey of stem cell research

UniStem is the Centre for Stem Cell Research of the University of Milan founded in 2006 by Profs. E. Cattaneo, G. Cossu, F. Gandolfi and Y. Torrente (unistem.it). The UNISTEM DAY 2025 event is one of many UniStem activities on stem cell research divulgation and this year it celebrates the 17th annual day dedicated to secondary school students and can boast being the largest public event on stem cell research in Europe.

QUEEN'S
UNIVERSITY
BELFAST

WELLCOME-WOLFSON
INSTITUTE FOR
EXPERIMENTAL MEDICINE

Program

09:30 - 10:00 Registration
Tea, Coffee and Biscuits

10:00 - 10:15 Opening
by the Coordinator
and welcome video

10:15 - 10:45 **Professor
Andriana Margariti**
WWIEM
***Stem Cells:
The Future of Medicine
and Healing***

10:45 - 12:30 **Activities**

Stems cells observed
by Microscopy
Prof Imre Lengyel,
Prof Andriana Margariti,
WWIEM

Tour of cell culturing
facilities and labs

12:30 - 13:00 ***Lunch (Pizza)***

AFTERNOON

13:00 - 13:30 **Dr.
Anna Krasnodembskaya**
***Mesenchymal stromal
cell- based therapies-
future for regenerative
medicine?***

13:30 - 14:00 ***Wrap up activity***

14:00 - 14:15 **Conclusions
by the Coordinator,
closing Video**

**The Wellcome-Wolfson Institute
for Experimental Medicine (WWIEM)**

Queens University Belfast,
97 Lisburn Rd.,
Belfast, BT9 7BL,
United Kingdom

Coordinator of the Day

Dr, David,
Cisneros, & Dr Selinda Orr, WWIEM
